The Major Project of the Alaska State Elks Association is a Youth Camping program that provides a one-week summer camping experience for 80 boys and 80 girls ages 9 through 12 from throughout Alaska at no cost to the family. The mission of our Major Project is to provide a fun and safe camping experience for the underprivileged youth of our Lodges' communities as well as to the children of members of our armed forces that are stationed within the state of Alaska. Our camping program focuses on outdoor activities such as swimming and canoeing in our private lake, and hiking, disc golf, and other outdoor sports on our 80-plus acre property. We also include arts and crafts activities as well as team building exercises,

water safety instruction, archery and nature appreciation in our program. The Camp facility, as part of our Major Project, is also used by local Boy Scout Councils, Alaska Department of Fish and Game for hunter safety training, and by our Alaska State Elks Association Wounded Veterans Project. The project sponsors outdoor camping events for troops returning from a combat zone who are in need of assistance making the transition from combat duty back to peacetime duty. The camp facilities are available for rent for private events such as weddings, family reunions, etc. and its back country location also makes it an excellent starting point for ATV, hunting and snow machining adventures.

Total Expenditures in current year: \$38,000

Est. Expenditures for next year: \$38,000

Arkansas State Elks Association's Major Project is financial and volunteer support for the Human Development Centers in Arkansas. These centers, (Five) in the State of Arkansas operate Intermediate Care Facilities, provide medical, residential, rehabilitation and education services for individuals who reside in the five Human Development Centers. The Human Development Centers provide services to individuals the age of six years and up with a dual diagnosis, which includes both a developmental disability and

mental illness, and individuals who are medically fragile or have severe aggressive behaviors.

Over the past twenty years Arkansas Elks have donated in excess of \$500,000 to the five centers for the purchase of furniture, fixtures, equipment and supplies for use in recreational and extra curricular activities.

The five Human Development Centers are located in Arkadelphia, Booneville, Conway, Jonesboro, and Warren Arkansas.

Total Expenditures in current year: *Not Submitted*

Laradon specializes in services to children & adults with developmental disabilities. It operates a broad array of programs & services to help each individual develop to his or her fullest potential.

Laradon is more than an organization; it is a support network made up of people who care & are committed to helping people with developmental disabilities maximize their independence in a dynamic world.

About Laradon: In 1948, at the time when the public school system denied the education to their two sons because they were “mentally retarded,” Joseph & Elizabeth Calabrese invested their life savings into the creation of a very special school — LARADON.

Est. Expenditures for next year: *Not Submitted*

Named after their two sons, Larry & Don, Laradon was the 1st charitable organization in the Rocky Mount region to offer support, education & training to children with developmental disabilities.

In 1949, the Colorado Elks Association adopted Laradon as its major project. Purchasing & donating the original facility that is still used at 5100 Lincoln Street, Denver, CO.

For over 60 years the Colorado Elks Association has provided both leadership & financial support to Laradon & to the Coloradoans it serves.

Est. Expenditures for next year: \$9,500,000

Georgia Elks Aidmore is a private, non-profit child welfare agency providing residential & community-based services to youth & their families. Our mission is to provide youth & families in crisis, the necessary skills & resources to help heal hearts, restore hopes & rebuild lives. The central office is located in Conyers, GA. Services are delivered through the following programs:

Residential: offers safe housing, education, individual, family & group therapy, life skills development, etc. Max of 18 girls, aged 12-21, can be served by this program.

Transitional Living: offers older youths, 18-21, the opportunity to live in on-campus independent living apartments or community-based independent living apartments.

Community-Based Alternatives for Youth: Non-residential program designed to keep high-risk youth in their families & communities.

Therapeutic Foster Care: Allows youth to receive services through a foster family setting, utilizing a combination of supports available in residential care & combining them with the elements of High Fidelity Wraparound.

2021 State Convention (*Officers installed*)..... *Not Submitted*

2020 Fall State ConventionOctober 2-3, 2020 • South Bend, IN

State Major Project: (established 1948; Incorporated, 501(c)(3))

Administrators: (Cancer Research @ Indiana & Purdue Universities)

F. MAYO SANDERS, *Chairman* {*Suzanne*}
P.O. Box 628, Fremont, IN 46737-0628
H (260) 495-5055 • C (260) 316-9413 • F (260) 572-2221
fmsanders@fmsanders.com

Total Expenditures in current year: \$450,000

Indiana Elks support Cancer Research at Indiana University Cancer Research Center, and Purdue University Cancer Research Center. The funds raised by Indiana Lodges are used by the universities as seed money in receiving many additional millions of dollars from other concerns.

Est. Expenditures for next year: \$475,000

Together, we are all fighting to find the cure for the dreaded disease of cancer. Cancer is a disease that touches us all. We are making a difference. The 57 Lodges in Indiana have given a cumulative total of over \$10 million since its inception.

Since our beginning in 1964, the Kansas Elks Training Center for the Handicapped, Inc. (KETCH) has stood as a leader in the rehabilitation industry, serving more than 30,000 individuals with disabilities. Much has changed since then, but one thing remains the same — our commitment to help people with disabilities live and work in the community.

Our mission is to help people with disabilities live and work in the community. We believe that a person's disability should not overshadow their many capabilities. To meet our mission, KETCH provides a wide array of services to help each person become as successful as possible.

Details about our programs and services can be found on our website: <http://www.ketch.org>.

The mission of the Kentucky Elks State Project, "Jim Bob Kevil" & "Kids with Cancer fund," is to provide pediatric cancer patients with monetary assistance for travel, food, and medical bills to help families cope with their child's disease and treatment. This focus is on the values that Elks members support including citizenship, family values, teamwork and responsibility, community and giving, respect, fairness and tolerance. It is the belief that each family will benefit from the "Elks Care, Elks Share" philosophy. In addition to our

charitable fund a long-time member from Princeton lodge #1115, Mr. Jim Bob Kevil endowed funds specifically for helping these children & families battling childhood cancer. The "Kids with Cancer" Project shall also provide emergency funds to provide necessary equipment and services, in the absence of an outside funding source, that enable the independence of these patients. It is our hope of the Kentucky Elks Association to help relieve some of the burden that families are experiencing during this time.

Total Expenditures in current year: \$7,200

Louisiana Elks, with funding from the Grand Lodge, our State Association and our Local Lodges, provide services on at least a monthly basis, some weekly, to the Veterans Administration Medical Facilities within our State.

Through our V.A. V.S. Representatives and their

Est. Expenditures for next year: \$7,200

Visitation Committee, we provide the patients with coffee services, entertainment, cards and bingo games and comfort items or someone to talk to. Through the V.A. Patient Coordinator, we purchase items such as TVs, VCRs and miscellaneous amenities for the facilities' Day Room.

Minnesota Elks Youth Camp is a co-ed camp for deserving youth of Minnesota, ages 9-13. Most campers are referred to local Elks Lodges through adults who know the child's family. Persons knowing young people who deserve a summer camping experience and who otherwise would not have such an opportunity are urged to contact their nearest Minnesota Elks Lodge. All necessary fees are paid by the BPO Elks. A camping session is set for the children of troops serving in Iraq. Two sessions are reserved for children and grandchildren of Minnesota Elks. In addition, a family camping weekend is the last session before closing.

The camp setting includes about 270 acres of land on Pelican Stevens, Wood Tick & Markee Lakes. Programs & activities are planned to provide a fun-filled week and to enhance the campers' love of the outdoors. All activities are supervised by qualified staff members. Campers receive a well-balanced diet through the Summer Food Service Program under the U.S. Department of Agriculture. The Minnesota Elks Youth Camp does not discriminate against any person because of race, color, sex, national origin, age, or disability.

Total Expenditures in current year: \$20,000

The Rural / Volunteer Fire Departments are very crucial in Montana, fighting wild fires and rural fires. Most are totally volunteer and are not receiving tax dollars and are in dire need of assistance for purchasing out dated equipment for the fire fighters and the trucks. Many are using used Turnouts and second hand equipment; In need of flashlights, road signs and much more.

The MSEA received forty eight applications for grants in 2019 and we were able to provide assistance to seventeen Rural / Volunteer Fire Departments.

Est. Expenditures for next year: \$22,000

Currently there are plans in the making for promoting the departments in our districts and having fund raisers and ways to assist the purchases that are needed.

The Elks Lodges across Montana are all eager and supportive of the new State Major Project.

Applications are available at all Montana Elk Lodges or requests can be made by e-mailing laurellee.curran@icloud.com or call 406-560-0625.

“KIDS ON THE BLOCK” is a puppet show depicting school situations, both positive and negative, showing children how to act and react to current life issues. The project is presented statewide to any and all schools. It has grown each and every year since it beginning. The goal is to present the

program to every interested school in the state of Nebraska, even though we have had overlap into adjoining states.

Nebraska Elks also administer a 2nd project: the “Crippled Children’s Project” targets individual children with a specific need on a case-by-case basis.

The Nevada Elks Major Project, Inc. (NEMP) purpose is to provide funding for statewide emergency shelter for abused/neglected/at risk children such as the Nevada state Child and Family Services Division; and/or other abused/neglected/at risk children programs, such as “Camp To Belong”; and, and other program that provides services to abused/neglected/at risk children. Nevada Elks Major Project, Inc. prefers to select

programs that Elk members can have hands-on experience in addition to the financial assistance. These programs must be able to provide information that shows Nevada Elks Major Project, Inc. is making a difference to their program. Nevada Elks Major Project, Inc. assistance is to enhance or expand their programs and not to be a replacement for other funding sources.

Total Expenditures in current year: \$33,000

The founder of Copper Cannon Camp, Hamilton Ford, overcame an underprivileged childhood of his own. When he was young, Ham received the opportunity to go to a family summer camp. While he was attending the camp, Ham noticed several things that had a permanent impact on his life. He said that while at camp, he saw his mother truly smile for the first time. It was also the first time he knew for sure he would get three proper meals a day, every day. Finally, the camp experience was one of the most fun, educational and impactful times of his young life. Afterwards, he decided that every kid deserves the same experience.

Ham decided that if he ever was able to, he would pay the experience forward and give back for what he had received as a child. Years later, in 1963, he finally got

Est. Expenditures for next year: \$33,000

that opportunity. Ham had a ski lodge and started bringing in children from local orphanages to provide them with a summer camp experience. That random act of kindness quickly grew into an established organization.

In 1976, the organization moved from its location south of Franconia to its present location, a 128-acre plot of land next to the White Mountain National Forest between Franconia and Bethlehem. This land was rented from the town of Franconia until 2009, when the camp purchased the land.

Although the location changed, the mission has always remained the same. Copper Cannon remains unique because it's the only camp in New Hampshire to provide a completely free traditional summer camp experience to all children who deserve it.

Elks Camp Moore isn't the usual special needs children's camp as it's located in the heart of the Ramapo Mountains with a breathtaking view of the valley below & mountains in the distance. When a child vacations here, it's an experience they never forget, & a view that a handicapped child would not likely ever experience.

We believe that special needs children benefit from camp for new experiences in a new environment, new friends & to participate in activities that will aid them in their general growth. Elks Camp Moore's primary function is to enable children to use & further develop recreational, social & leisure skills through activities presented in a positive, enjoyable & appropriate manner & in real life situations.

Each child is challenged to try new things or to improve on what they already know. We encourage them to do as much as they can for & by themselves. The guidance of a friendly & understanding counselor is always near.

In 1971, while the New Jersey State Elks were looking for a site for a camp, the trustees of Camp Moore, a camp for underprivileged children that shut down in the 1930's,

were looking for someone to carry on their work. The camp was donated with the stipulation that the name of A. Harry Moore, former governor of NJ, would be carried on in perpetuity.

More than 30 years later, Elks Camp Moore has grown to great proportions. Composed of over 18 modern buildings, housing 3 modern camper dormitories, a two story dining hall, kitchen, arts & crafts & game room, & a fully equipped infirmary, all air conditioned & handicapped accessible. A large heated pool is completely wheelchair accessible.

The camp director is selected from, & holds a degree in Special Education. Counseling & support staff are hired from the USA & other countries around the world. Over 27 countries have been represented at Elks Camp Moore over the years. Staff is fully trained before camp with ongoing training throughout the season. Majority of the staff return from previous years & are therefore very familiar with the campers & camp life in general. The ratio of counselors to campers is usually 1:2 or 1:1.

Cerebral Palsy- NMEA raises money which is used to assist those stricken with the disease. The State has purchased vehicles, ramps, special shoes, special strollers, special bathing devices, special walkers, special communication devices, to name a few items. To assist these people and their families in making their daily lives easier. Most of those afflicted with

CP are children, this is especially difficult for them and their families especially as they get older and harder for their family members to lift and care for them. This program helps them to have a more normal existence due to all their needs, medications and equipment, which at times their insurance will not pay for.

CPA of NY is a not-for-profit agency that is recognized nationally as a leader in the delivery of rehabilitative health and advocacy services for persons with disabilities. The New York State Elks Association helps provide funding

for services to these individuals in their homes. The program was established as New York Elks' Major Project in 1966, and reimburses CPA of NY for the salaries for the 28 Home Services Directors, and funds several vehicle subsidies.

Total Expenditures in current year: \$45,000

Est. Expenditures for next year: \$45,000

The North Carolina State Elks Association, Inc (NCSEAI) has two State Major Projects: Camp Carefree, located in Stokesdale, NC and the North Carolina State Veterans Homes. The four current NC State Veterans Homes are located in Kinston, Fayetteville, Salisbury and Black Mountain, NC. A fifth Home is under construction in Kernersville and a sixth Home is scheduled for Wake County, NC but is not yet under construction. The NCSEAI does not own Camp Carefree or the State Veterans Homes but supports both Major Projects by volunteering at the Camp and at the State Veterans Homes and financially by donating equal amounts of funds to each project.

Camp Carefree, a camp for chronically ill and disabled children, operates for six weeks during the summer. The children attend Camp Carefree at no charge. The NCSEAI and its Lodges are major fundraisers for Camp Carefree. NC Elks come to the camp for a work weekend during the Spring to help maintain the property and get the camp ready to open, and/or in the fall

for maintenance and clean up after the camp season. NC Elks also host cook outs during one week in the summer and during the Camp Carefree Alumni Weekend in August each year.

The North Carolina State Veterans Homes are residential care facilities for North Carolina veterans. Each of the four current homes have 100-120 beds, and the new homes in Kernersville and Wake County will have 120-125 beds. NC Elks have provided one or two handicap vans/busses to each of the Homes and will do so when the new Homes are ready to open. We have provided TVs for the Veterans rooms and also provided radios, CD and video players, electric razors, underwear, socks, lap blankets and other essential items for our Veterans. Lodges regularly visit the Veterans Homes conducting bingo and cookouts, for Christmas parties and Veterans Day celebrations and just to visit with the Veterans. Lodges also occasionally take some of the Veterans to local minor league baseball games.

Provides financial aid to established Cerebral Palsy Treatment Centers. Every year, Ohio Elks Lodges raise tens of thousands of dollars to aid CP Treatment Centers who help patients and their families manage Cerebral Palsy. The Ohio Elks Cerebral Palsy Fund Board was created to maintain, administer, contrib-

ute and donate funds or property to any Ohio Chapter or branch of any nationally recognized or local organization in Ohio which maintains, as a function, the care, treatment, training and rehabilitation of individuals with Cerebral Palsy.

Special Needs 365 outing: Each year the Rhode Island State Elks hosts the state's special needs community at a seaside park for an incredible day of activities, fun and food. It has been called the highlight of the year for many special needs organizations.

Over 2,000 people with special needs and their caretakers participate in the event each year. All of Rhode Island's Lodges support the event and it is attended by many local and state dignitaries, including the governor of Rhode Island.

Est. Expenditures for next year: \$55,000

The SD Elks Major Project is comprised of 2 charitable nonprofit organizations: LifeScape & Children's Home Society with facilities in Sioux Falls & the Black Hills. The SDEA provides annual financial support to help these organizations carry out their missions.

LIFESCAPE: SD Elks Association and LifeScape (*formerly Children's Care Hospital & School*) have partnered for 50+ years to empower more than 35,000 children to lead meaningful lives by bringing outreach therapy services directly into homes, daycares & schools. Over the years, the Elks have provided more than \$1.7 million for therapy equipment & outreach vehicles. LifeScape supports children in 62 of SD's 66

counties thanks to support from the SDEA & allows children access to occupational, speech, physical & behavior therapy services closer to home. Children learn how to walk, say their first words, feed themselves and learn to play because of the South Dakota Elks.

CHILDREN'S HOME SOCIETY [CHS]: CHS has been a Major Project since 1991. Its mission is to empower children, adults, families, and communities to be resilient, safe, healthy, and strong. CHS programs include emergency shelter, residential treatment, special education, foster care & adoption services, forensic interviews, and prevention services.

Total Expenditures in current year: \$998,708 Est. Expenditures for next year: \$995,000

Texas Elks State Association (TESA) has two major projects.

1. SUMMER CAMP—Our camp is for handicapped children where over 300 children annually get one week, at no charge to the family, of fun and games. The camp is fully staffed with nurses, counselors, and camp staff to oversee the horse back riding, swimming, games and sporting events. A wonderful week of fun for the kids, but think of the parents who normally have a 24 hour, 7 day a week job to look after and care for their child. The parents get one week for themselves at home or on vacation.

2. PROSTHETIC GRANT PROGRAM—Whereby each Lodge gets a prorated amount of money based on annual per capita for money they donated to our Sweetheart Program. The Lodge uses that money to find someone under 18 who is in need of a medical device that will enhance their day-to-day life. The Lodge sends the completed application into our major project panel to determine if the application meets our qualifications to be a valid applicant. If all is in good form, the Lodge is notified and the child picks out the device and the money is sent directly to the vendor for the purchase of that equipment. The Lodge then presents the device to the applicant.

Total Expenditures in current year: \$55,000

Est. Expenditures for next year: \$56,000

Established in 1988, the West Virginia Elks Major Project promotes charitable, educational, and benevolent activities. The Major Project's Mission is to organize & sponsor two camps for the mentally and/or physically challenged. Volunteer camp members provide special attention to campers as they participate in stimulating new experiences that are often not available at school or home. Objectives

of the camps include assisting the campers in developing an awareness of their potential as relates to that individual's disability and helps him/her maximize their own abilities while minimizing their disability, and to further encourage independence and resourcefulness within their own limitations. To many campers, this is their only vacation away from home and something they look forward to.
